**FOR PARENTS OR GUARDIANS USE ONLY**

This section must be completed before application is accepted. Your daughter or son has expressed interest in being a Reach Our Youth (ROY) volunteer mentor.

Young adult volunteers can do a variety of important tasks, which help people in their own community. At the same time they will become more sensitive to the needs and problems of others and be responsible for the safety of a child, when in their care. In some instances, teens are encouraged through their volunteer activities to pursue careers in the social service or education fields.

If you are willing to give permission for your child to give this service, please complete the section below. A volunteer can't be accepted into ROY without your approval. If you have any questions or concerns, please call the office at 419-663-2525.

I am glad to give my permission for my son or daughter to serve as a ROY volunteer mentor for a period of six months. I believe \_\_\_\_\_ can be depended upon. I will support her/his commitment as a volunteer.
